Webinar Description

This IRS regulatory compliance training will explain the Best TIN Solicitation Best Practices. While TIN solicitation might sound too lascivious for the legitimate business world, it is critical that every organization take this task seriously. For if they don't, a very uncomfortable and costly audit with the IRS is likely to ensue.

Who Should Attend ?

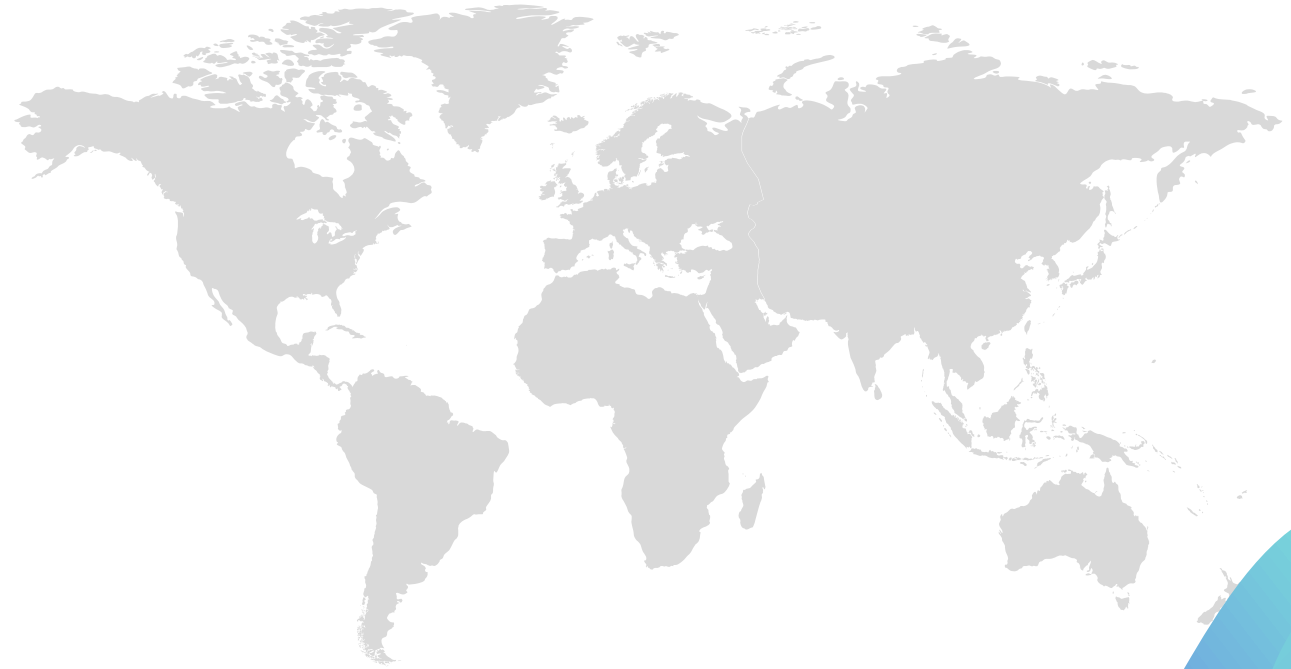

Accounts payable supervisor, Accounts payable director, Accounts payable manager

Tax reporting manager, Information Reporting (tax) professionals

Assistant accounts payable manager, Disbursements manager

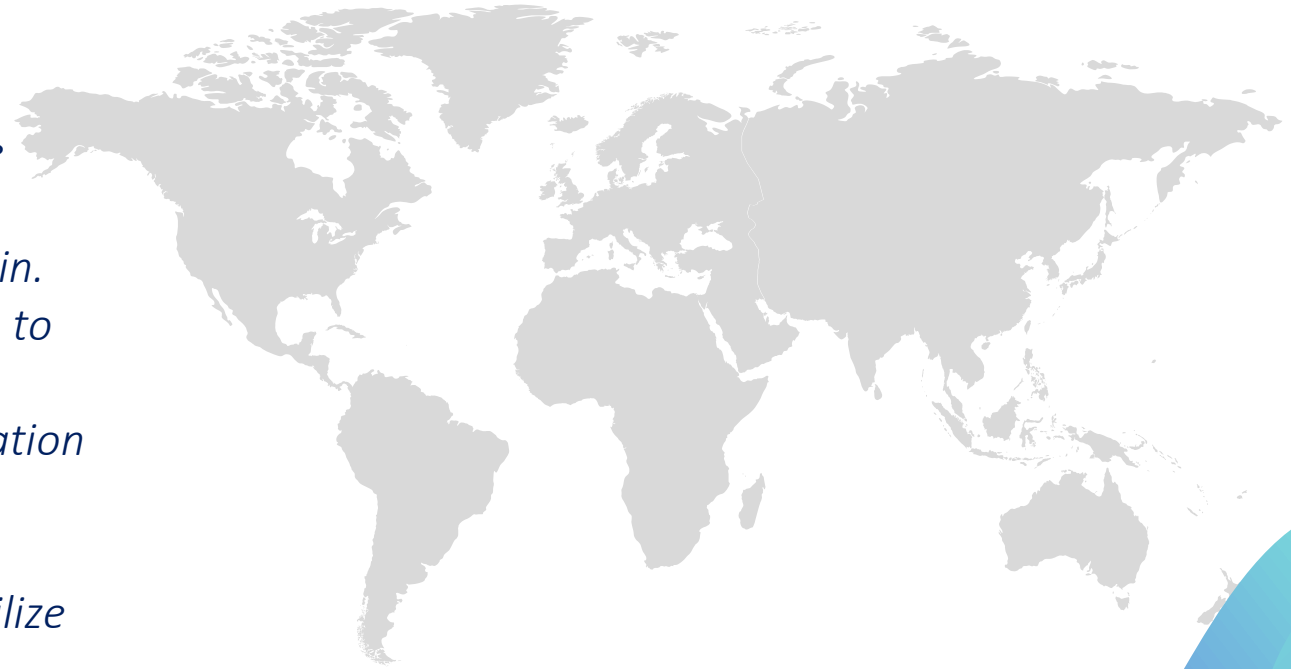

Accounting Manager, Accountant, Accounts payable associate

Assistant controller, Controller, Accounting Manager

Why Should Attend ?

If you've heard that the IRS budget is likely to be cut and think that means good news for your organization when it comes to audits, think again. The indications are that enforcement in relation to information reporting errors will be up. This is nothing to worry about as long as your organization is doing what it is supposed to be doing when it comes to reporting income paid on Forms 1099. Now, more than ever it is important that you utilize best practices with regards to collecting and reporting taxpayer identification numbers and income as required. In this newly-created program you will learn exactly what you should be doing to comply with IRS regulations.
