Why Should You Attend ?

With the exponential growth of remote access, telework, and discrimination claims, it is critical that employers avoid the more complex pitfalls and errors that cause the majority of employment law cases. Many governmental agencies and courts look for the target cases on hot topics – don't become the poster child for what not to do.

Topic Background

We know that the stigma and health information sharing related to COVID-19 is just starting to generate massive claims and lawsuits as related to discrimination and retaliation.
