

Webinar on

Understanding Diversity In The Workplace

Learning Objectives

- What is the definition of diversity?*
- When does diversity really happen in the workplace?*
- Why is it important to incorporate diversity in the workplace?*
- How do we benefit from diversity in the workplace?*
- Managing diversity*

This webinar will assist an organization to define and develop a diversity policy based on a more thorough understanding of the many facets of diversity.

PRESENTED BY:

Gobinder Gill is a #1 Best Selling author on Amazon for "Achieving Prosperity Through Diversity". His second book, "Stolen Moments of Hope" will be published by Motivational Press later this year. He has been voted as a "World Class Speaker" at the 2016 High Impact Speaking event in Montreal, Quebec. He encourages businesses, CEOs, HR personnel, managers, and supervisors to view Diversity in the Workplace as a business opportunity and not as a hindrance.

On-Demand Webinar

Duration : 90 Minutes

Price: \$200

Webinar Description

The definition of diversity in any given situation depends on who you ask. People define the concept based on their individual backgrounds and upbringing. As a result, these definitions are as numerous as the individuals defining it. In today's workplace, there needs to be a consistent definition to facilitate a harmonious work environment. The talk will assist an organization to define and develop a diversity policy based on a more thorough understanding of the many facets of diversity.

Who Should Attend ?

Human Resources Personnel, Business Owners, Executives, Managers as well as employees to ensure they are on the same page.
