Webinar Description

Time management for an attorney in a busy law office is a difficult task. Complicating the issue is managing the productivity of your legal team and the entire firm. If you would like more productivity at your law practice sign up for this webinar and learn the 10 most valuable Outlook features you must be using in your law practice. The outlook is a one-stop-shop for email, calendar, and tasks, and when you learn the secrets taught in this webinar, you'll have a tool that gives you exponential productivity for you as an individual. The instruction helps you learn Outlook features that help you manage employees and make them more productive as well.

The tips and techniques taught for using Microsoft Outlook take you beyond using Outlook as an email tool. Email in Outlook is only about 15% of the power of the software. This webinar will teach you to use the other 85% of Outlook which will help your entire team leave the office on time with a calm feeling that to-do lists are under control. Similar to having a genie in a magic lamp and all you have to do is rub the lamp to get more done, all you have to do is attend this webinar to learn the magic tricks, the features, and benefits of Microsoft Outlook that can help you use that untouched 85% of Outlook and make your law practice more productive.

This webinar teaches you how to pack your day with greater productivity by helping you organize your private work time, your cases, your office staff meetings and still have time to think. The instruction will equip you to keep track of important details while finding a permanent home for that minutia that wastes precious time while you retrieve it. Getting more done in less time with this Outlook instruction means you are meeting trial/court deadlines and keeping on top of your entire caseload. Sign up your entire legal staff and watch morale improve as staff members move work forward in an effective and efficient manner, enabling you to celebrate the successful conclusion of more cases each year.

Topic Background

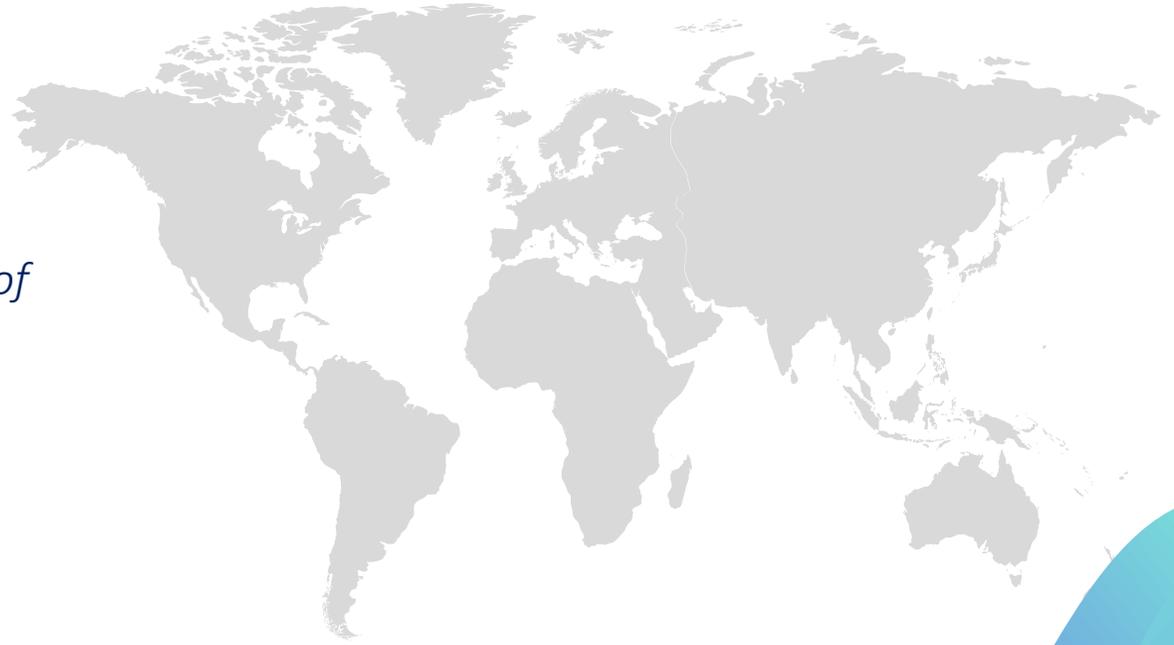

A partner is valuable in any endeavor but especially in such a complex issue as productivity. You need a partner to keep you on track when interrupted, when distracted by miscellaneous thoughts that pop in your head, and when you have concentrated, taken a break and need to get back on track.

This is a “must-attend” and “don’t miss” webinar for attorneys who want to sharpen their work habits, prioritize for the highest value tasks, and use the power of Microsoft Outlook as a partner for triumphing over normal human inertia.

In this program you will make Outlook your productivity partner as you learn how to:

- Estimate task time and negotiate realistic task time frames*
- Change daily time frames for optimal recording of detail*
- Add an additional time zone*
- Move tasks to future days*
- Use the Quick Access Toolbar*
- Use the Calendar and Tasks in tandem for exceptional productivity*
- Change column headings as needed to see critical information*
